I am writing you to see if you could provide me with any information on Pockwock Lake and its watershed area. I am currently a student in my second year of the Water Resources Technology program at NSCC. We are completing a Limnology report on the lake and any previous reports or data (bathymetry maps, geology, water shed boundaries, etc.) would be very helpful. If you have no information a suggestion as to another possible source would be greatly appreciated. I can be contacted by e-mail at nstele@eastlink.ca or by phone at 435-5223.

Sincerely,

Norman Steele
